

ANSEP

STEM JUMP START GRANT PROGRAM

Beginning August 1, 2011

Alaska Native Science and Engineering Program (ANSEP) in partnership with The STEM Academy is extending the opportunity for up to 50 ANSEP affiliate high school to apply and receive up to \$2,000.00 via the ANSEP STEM Jump Start Grant for the implementation of STEM 101 curriculum.

the **STEM** academy®
establishing engineering habits of the mind

A National Non-Profit Status K-12 Education Program

The STEM Academy practices, strategies, and programming are built upon a foundation of identified national best practices which are designed to improve under-represented minority and low-income student growth, close achievement gaps, decrease dropout rates, increase high school graduation rates and improve teacher and principal effectiveness. The STEM Academy represents a flexible use academic model which targets all schools and is for all students. To learn more visit: www.stem101.org

ANSEP represents a national recognized model for improving Indigenous American student participation, performance and retention. The strength of leadership and best practices model representation within ANSEP empowers and inspires schools to establish and attain high standards for student achievement. The STEM Academy represents the next generation, high impact K-12 academic model and has been qualified by National Academy Foundation and National Action Council for Minorities in Engineering.
