establishing engineering habits of the mind

A National Non-Profit Status K-12 Education Program

The STEM Academy practices, strategies, and programming are built upon a foundation of identified national best practices which are designed to improve under-represented minority and low-income student growth, close achievement gaps, decrease dropout rates, increase high school graduation rates and improve teacher and principal effectiveness. The STEM Academy represents a flexible use academic model which targets all schools and is for all students. To learn more visit: www.stem101.org
